## ***MEMORANDUM***

**TO:** TACIR Commissioners

**FROM:** Harry A. Green  
Executive Director

**DATE:** January 17, 2007

**SUBJECT:** Building Tennessee's Tomorrow: 2007

---

As part of TACIR's continuing responsibility to inventory and report the state's infrastructure needs, staff members prepare an annual report to the General Assembly. Included in this section is a draft 2007 report for Commission approval. The report contains a summary and a general overview of information from the inventory for the period beginning July 1, 2004, which includes projects that need to be in some stage of development during the five year period July 2004 through June 2009. The report also includes statewide information by type of project and by level of government, as well as information on infrastructure needs by county, the condition and needs of our public schools, and a section on funding the state's infrastructure needs, which was first included in last year's report.
